Re: November 6, 2018 General Election Darby TWP 5-1 & 5-2
Results Issue

Upon inspection of the Official Election results of the November 6, 2018 General Election the Bureau of Elections in coordination with Voter Registration Department found discrepancies with Darby Township 5-1 and 5-2 results.

After review of the vote counts in comparison to the voter registration books the Bureau of Elections can report that Darby Township 5-1 and 5-2 used each other's voting machines. Therefore, the results reflected for 5-1 are the results cast in 5-2 and the results reflected in 5-2 are the results cast in 5-1.
